

The Friends of the Trinity County Resource Conservation District (“Friends”) was established in 2015 as a 501 (c) 3 non-profit to support and further the mission and goals of the Trinity County Resource Conservation District (RCD). The purpose of the organization is to access funds not otherwise available to the RCD and to provide another avenue for donations, gift-giving and other contributions. The Friends can help the RCD with a meaningful way to invest in local conservation of our natural resources. Tax-deductible donations to this fund can help the District extend its programs and increase effectiveness. Please give thought to this new opportunity for contributions to community-based conservation programs through the Friends’ non-profit organization.
